

Securing Our Safety

We want your input to create:

"A Citizen-voiced plan to provide for a secure, stable and sustainable Josephine County"

www.SecuringOurSafety.org

A County United

Securing Our Safety (SOS) is looking to businesses that want to make an impact in our community. We are a non-profit research and educational organization that is actively searching for ways to improve the safety of our community and funding for our criminal justice system. We want people in Josephine County to commit to our home. We want business to stay and grow in Josephine County. We want people in Josephine County to shop local. We are asking that you help us unite our county by standing next to business partners and displaying the SOS sign in your store window, where our members and the public can see it. This simple act will demonstrate our unity and your commitment to our home, Josephine County. It will be another stride towards creating a safer environment for you, your business, your employees and your customers. We would also like to share your business name with our members and encourage them to support you.

Business Name: _____

Address: _____

Contact Name: _____
